## Session #1 - 3:00 - 4:30pm

### ***Career Positioning: Strategically Mapping Your Early Career Development***

In today's changing healthcare environment, early careerists need skills and strategies to position themselves for the future. You have the freedom to create the career paths that link your talents and interests with the right job. No job comes with a life time guarantee, and flexibility is important. To achieve upward mobility in your career, you must constantly reinvent your brand. Learn from your peers the necessary steps to take your career path to the next level.

This panel will focus on nuts-and-bolts career planning for early careerists. The program will begin with brief opening remarks by the moderator, followed by 15 minute presentations by the three panelists. The program will conclude with a 30-minute question and answer period.

### **The Moderator**

#### **Diane M. Howard, PhD, FACHE**

Assistant Professor, Dept. of Health Systems Management and Director,  
Student Development, Rush University

Canaccord Genuity

*This program has been developed and is presented locally by the Chicago Health Executives Forum. The American College of Healthcare Executives has awarded 4.5 ACHE Face-to-Face Education Credits to this program, 1.5 per panel discussion.*

## Session #2 - 4:45 - 6:15pm

### *Developing Mentoring and Coaching Skills*

Data has shown that mentoring programs are an effective way to offer guidance and support for healthcare executives who are entering the field or who are seeking career advancement. A mentoring relationship provides a safe environment in which those with less experience may learn from experienced executives. This panel will present a framework for the development of a mentoring program. The program will begin with a brief presentation by the moderator, followed by remarks from each of the panelists.

#### The Moderator

**Thomas Koelbl, FACHE**

System Vice President, Human Resources  
Presence Health

#### The Panelists

**E. Mark Mansell, FACHE**

Vice President, New Market Development  
Cancer Treatment Centers of America
